School of Marxism Tianjin University Tianjin 300350

Since the 18th National Congress of the CPC General Secretary Xi Jinping has made in-depth thinking and systematic answers to such important questions as why and how the CPC should escape the historical cycle of rise and fall and the new ideas and understandings embedded in his important expositions have pointed out the direction and clarified the path for the CPC to escape the historical cycle. Xi's important discourse on how to escape the historical cycle has specific theoretical origin cultural background and practical consideration. Its core essence includes taking governing for the people as the source of motivation to escape the historical cycle turning the blade inward as the important magic weapon to escape the historical cycle taking political construction as the powerful guarantee to escape the historical cycle and taking the system construction as the fundamental strategy to escape the historical cycle and so on. The above important discussions are of great theoretical and practical significance enriching the CPC's thinking on escaping the historical cycle expanding the path for the CPC to realize long-term governance and providing an answer to the eternal vitality of Marxist political parties.
